

## Summer at the Beach

- Summer** = Fan
- Swim** = Across the Circle
- Beach** = Ice cream licking
- Shell** = Noise of blowing conch shells
- Sand** = Ouch....ouch... for feet on hot sand.

This **Summer** we went down to the **Beach** for a **Swim**.

The **Sand** was hot so we ran to the water for a **Swim**.

They were a lot of **Shells** on the **Beach** to decorate a **Sand** castle.

**Summer** is the perfect time to be on the **Beach** to build **Sand** castle but be careful where you walk because **Shells** are all over the **Sand**.

In **Summer** the waves push the **Shells** along the **Beach** and make it hard to **Swim**.

We like **Summer** to collect **Shells** and have a nice **Swim** in the cold water.
